Can't you say you believe in me?
Can't you see what you mean to me?

Everyday I think of you, you're on my mind
Some things in the past, are better left behind
Every night I dream of you, the images as clear as day

Can't you say you believe in me?
Can't you say you believe in me?
You know that where there's a will there's a way
Can't you say you believe in me?
Can't you see what it means to me?
Don't leave me alone tonight, 'cause I still love you

We've had our time apart, and I knew right from the start
I could never change, the way I feel about you baby
We can sit here all night long, and separate the right from the wrong
But love won't wait

Can't you say you believe in me?
Can't you say you believe in me?
You know that where there's a will there's a way
Can't you say you believe in me?
Can't you see what you mean to me?
Don't leave me alone tonight, 'cause I still love you

Oh, still in love with you
You know I need you baby, to stand by me
Can't you see I need you, baby?
Oh, I'm still in love with you

Can't you say you believe in me?
Can't you say you believe in me?
You know that where there's a will there's a way
Can't you say you believe in me?
Can't you see what you mean to me?
Don't leave me alone tonight, 'cause I still love you, I love you
