I must provide the best for you  
I gotta take you out every once in awhile  
I don't have room to complain  
My brain is burning out from the strain

I'm fighting tooth and nail  
Right down to the last detail  
I would call this a critical time  
There's an earthquake in my mind

Stress... Somebody take the weight off of me  
Stress... And off the woman and her family  
Stress... When it all comes tumbling down  
Stress... I'll remember that the world doesn't end here

I put my kid on my knee  
And say the best thing in life are free  
He takes a good look at me  
How come I'm working 60 hours a week?

Lets not get serious  
I'm under too much stress  
I would call this a critical time  
There's an earthquake in my mind

Stress... Whos gonna have pity on me  
Stress... I'm not alone, I've had company  
Stress... When it all comes tumbling down  
Stress... I'll remember that the world doesn't end here

The world doesn't end here...  
The world doesn't end here, no, no...  
The world doesn't end here...  
The world doesn't end here yet...

Stress... Somebody take the weight off of me... Stress...  
Stress... When it all comes tumbling down  
Stress... I'll remember that the world doesn't end here  
Stress... Whos gonna have pity on me  
Stress... I'm not alone, I've had company  
Stress... what's it all come tumbling down  
Stress... I'll remember that the world doesn't end here

Stress... you're gonna have pity on me  
Stress... I'm not alone, I've got company  
Stress... And when it all comes tumbling down  
Stress... I'll remember that the world doesn't end here  
Stress... you're gonna have pity on me  
Stress... I'm not alone, I've got company  
Stress... And when it all comes tumbling down  
Stress... I'll remember that the world doesn't end here...  
Stress...
