(hook)

If i have a girl, i pray she wont be nothing like none of these hoes i have met troughout my life.

treat her how to be a lady hope she dont act like her mother.

treat her to be independent, j-j-just me and my daughter now.

if i have a boy i hope he dont be nothing like me when i was young, thought i knew a lot about life.

teach him how to be a man, teach him how to be strong.

tell him how to treat a woman j-j-just me and my son

(verse 1)

now i can't lie, daddy still kinda nervous,
i make your mother mad at times, i dont do it on purpose.

ima be honest just saying. i, she dont deserve it.
you wouldnt be on the way so all the time we spent she was worth it.

now if she is a girl, she gonna be my daddys little baby.
they niggas aint shit, stayin away from them cause they crazy,

and treat you like the queen you are, cause you my angel sent from the heavens,
god i cant thank you enough.

thought i was gonn get fucked but im a man gotta stand on my own two feet,

do what i can. cuz i want the best,
not just for us, but for our daughter.

just the thought that i got one on the way, makes me go harder.

treat yourself with respect, carry you self like a lady,
go to school get your education you can do it and baby i'll be right there rootin'.

like yea thats my girl, im your father.

wouldnt trade you for no ting in this world.

if i have a boy, he probably gonna have my eyes dress
em just like me when we have out he match my fly.
then i met every pop on every football game he got,
every step of the way ima be there.

unlike my pops. but if he wanna rap and act just like
me.

i would tell him you can be anything you wanna be.

tryna give you all the things my father aint give me.

see my moma mad cause i ima always want you with
me,

and you know ima hold you down, cause you is my little

which mean your mother so eye to eye so we can could
be a fam but i guess that war is done.

i wish i could make it work just me and my son but i
cant lie i cant stop letting her go.
