And you can say I'm short  
But you can't say I ain't paid

See that's a private estate  
Helicopter pad for when I make them private escapes  
So when it's time to get that money nigga  
I'm never late  
I'm still the prince of the O-town  
Make them hoes go down  
Since I turned 21  
I don't know how to act  
Hopping out different whips  
And smashing like err chick  
I don't know bout ya'll  
But this the life I live  
They call me
