

# Bow Wow "Go"

Visit "[Go](#)" on [MotoLyrics.com](http://MotoLyrics.com)

If you don't wanna dance  
I can find me somebody else that do, do  
If you don't wanna dance  
What you here for, girl, you need to move, move

If you don't wanna dance  
Then it best you turn this off right now  
'Cuz I am the B O W W O W  
And it's about to

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(It's about to)

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
I choose you  
(Down)

Lil' kids love me like Santa Claus  
And I'm under 21 wit' a phantom Boss  
Mane dressed like big, I called the play  
Run, pass, shorty, I can hand it off

You know I run wit' a crew that ain't ever lost  
We young, we rich and we love to floss  
You gotta pay the cost to hear me breathe  
Bow Wow representin' that DPG

26 inch chrome with a lake front home  
Heavy in the hood, like straihenin' combs  
I can have any girl in this world that I want

But I choose you, I choose you, but ugh

If you don't wanna dance  
I can find me somebody else that do, do  
If you don't wanna dance  
What you here for, girl, you need to move, move

If you don't wanna dance  
Then it best you turn this off right now  
'Cuz I am the B O W W O W  
And it's about to

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(It's about to)

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
I choose you

Bow Wow still holdin' the top spot, roll in the hot drops  
Been in control since I came out the blocks  
And I sell like rocks in the 80's  
Number one just like Tracy McGrady

This young thug, can't non y'all see me, fade me  
Keep cash money like baby  
I'm crazy if I must say so and I lust for the dough  
Push 'em every time I bust my flow

I'm a blessed young man  
And the best young man that you very heard Rock  
before  
I can have any girl that in this world that I want  
But I choose you, I choose you, but ugh

If you don't wanna dance  
I can find me somebody else that do, do  
If you don't wanna dance  
What you here for, girl, you need to move, move

If you don't wanna dance  
Then it best you turn this off right now  
'Cuz I am the B O W W O W  
And it's about to

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(It's about to)

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Bow Wow, lemme get some)

I'm the wrong one for you to be tryin' to race wit'  
Face it dog, ain't no replacement  
I made a few mill off the somethin'  
That I started in the basement

Y'all shoulda never lemme taste it  
Back when niggas was wearin' basics  
I ain't just do it, I aced it  
I'm rich but I'm still tryin' to chase it  
That's why everything I do I lace it

Two Bentley's, a hundred grand for the bracelet  
To you that's a a lot but to me that's basic  
And it's so many girls out there  
But I choose you, I choose you, but ugh

If you don't wanna dance  
I can find me somebody else that do, do  
If you don't wanna dance  
What you here for, girl, you need to move, move

If you don't wanna dance  
Then it best you turn this off right now  
'Cuz I am the B O W W O W  
And it's about to

Go, go, go, go  
(Down)

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(It's about to)

Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(Down)  
Go, go, go, go  
(I choose you)

If you don't wanna dance  
I can find me somebody else that do, do  
If you don't wanna dance  
What you here for, girl, you need to move, move

If you don't wanna dance  
Then it best you turn this off right now  
'Cuz I am the B O W W O W  
And it's about to

Go, go, go, go  
Go, go, go, go  
Go, go, go, go

I choose you
