Drama boy! Hey drama
You gotta do it again, my nigga!

Hook:

I make her heart, heart stop, stop wherever I mean it
I make her toes, toes curl, curl whenever I lick it
I make her go, go whenever I feel it
And girl I got a question, what's your favourite position,
girl?
Easy on your side, go and fuck her from the back
Easy on your saddle, go and fuck her from the back
Easy on your side, go and fuck her from the back
Easy on your saddle, go and fuck her from the back

Yeah, pioneer for the small talk
Baby, just turn these lights down
Supply you with this pipe now
Neighbors are saying pipe down
Girl, just take them draws off and that bra off
Quit wearing on that child shit
Red bottoms on, you can tell she a fly bitch
Lips is locking, body is touching
Skip the foreplay, get the fucking
This is serious, more than lasting
Come in girl and let daddy touch you!
Promise you that I won't be rough
Come and let a real nigga beat it up!
And I'm in, SATY
Come and let a real nigga eat it up!

Hook:

These other girls are just imitators
They don't do it like you!
I'm taking about your hand game
Doing like we're in a porno
Tell me how you like it, fast or slow?
Put my chain on when I'm sexed to her
She love it when a niggas straight... the night
Wonder why your girl is with me?
Probably cause you ain't hitting her right!
And she say you got no swag
And I make up where you lack at
Got my camera on record, Lord momma, just lay back!
