[Verse 1: Bow Wow]

I'm young, I'm right
I'm flashy, I'm fly
So fly, I'm about to take off
Now O is the R and B
The Hip Hop, That's me
Tonight we about to Face Off
Now watch as I drop that top on the Aston Mar
Few shots then we left the bar
Anything she's asking for
I'll make it appear like a magic wand
I got the antidote
I got the stroke right and a pole
Gotta do it right on camera though
Bring another friend so my man can go
O

[Chorus:]

[Omarion:]

Hey baby
You say you wanna be my girl
Hey baby
Send you on a flight 'round the world
Hey baby
You say you wanna be with a star
Hey baby
Don't be afraid to show who you are

[Bow Wow:]

You scared?
Come on
You scared
Come on
You scared?
Jump off, jump off, jump off, jump off
You scared?
Come on
You scared
Come on
You scared?
Jump off, jump off, jump off, jump off

[Verse 2:]

[Bow Wow:]

I got one named Brenda
Put her on my agenda
Shoulda seen the way I bend her
She drunk the juice from my pimp cup
Opened up and I entered
Closed her up
Then I sent her
Home, packin
I jumped out
Then O jumped back in
Go

[Omarion:]

You been checkin us all night
A bit confused
About who you gonna leave with
Well let me help you
If you come through
You gotta do two
You been checkin us all night
A bit confused
About who you gonna leave with
Well let me help you
If you come through
You gotta do two

[Chorus:]

[Omarion:]

Hey baby
You say you wanna be my girl
Hey baby
Send you on a flight 'round the world
Hey baby
You say you wanna be with a star
Hey baby
Don't be afraid to show who you are

[Bow Wow:]

You scared?
Come on
You scared
Come on
You scared?
Jump off, jump off, jump off, jump off

[Verse 3: Omarion]

I got one named Ashley
Swear she can outlast me
Every time we go
She's fast asleep
Now you tell me who's that deep
She like... Ouaa
I gave her that... Ouaa

Now she's walkin like... Ouuu
Now jump off, jump off, get off I'm hot

[Chorus:]

[Omarion:]

Hey baby

You say you wanna be my girl

Hey baby

Send you on a flight 'round the world

Hey baby

You say you wanna be with a star

Hey baby

Don't be afraid to show who you are

[Bow Wow:]

You scared?

Come on

You scared

Come on

You scared?

Jump off, jump off, jump off, jump off

You scared?

Come on

You scared

Come on

You scared?

Jump off, jump off, jump off, jump off

[Talking: Bow Wow]

I'm sayin baby
