I see you lookin' at me exactly like you know what it do
When I leave where I'm at, make my way over to you
'Cause I ain't playin' with you, girl
(Just want you to know)
I ain't playin'
If I whisper in your ear what's goin' through in my in my
head, baby
I bet you turn around an' tell me, "Baby let's leave"

Any girl JD used to bring around I had a crush on
Wishin' I could take 'em to my room and get my touch
on
"If you was just a lil' older", is what they used to say
Kissin' me, huggin', callin' me 'Baby', how they use to
play

But now that I am 21, if you go to kissin' an' huggin' me
Lil mami, I'm trying to cop sumtin', I'm in da club now
tearin' up
Tank top, standin' on da couch screamin', "Who bet I
can't stop"
Album number 7 started at 11, steady youngest nigga
killin' it

Shawty, you better tell 'em uh
Used to be your lil sister that I was concerned about
Now I want you, I see you lookin', now I'ma thug it out
Don't slip, look again, girl, if you do I'm goin' in
Tell 'em lil mama what you waitin' for, I just want you to
know
I ain't playin', I ain't playin', girl, you already know

I see you lookin' at me exactly like you know what it do
When I leave where I'm at, make my way over to you
'Cause I ain't playin' with you, girl
(Just want you to know)
I ain't playin'
If I whisper in your ear what's goin' through into my
head, baby
I bet you turn around an' tell me, "Baby, let's leave"

If you a fly young chick, I'm a fly young nigga

Plenty dudes make fake us but nobody got a swag like mine
Feelin' horny girl, I know you want me girl
I'm 'bout to tell you what I'm thinking, baby, close your eyes

I'm right here, baby, I'm in your ear, baby
Let's make a movie, need to get that ass in here, baby
I like to drink a lot, let's take it to my spot
Soon as we hit the door, we're gonna drink some more

And I'm a kiss you here and I'm a kiss you derr
And I'm a kiss ya, kiss ya, kiss ya
Kiss ya everywhere
(Bow Wow)
Said I'm a kiss you derr and I'm a kiss ya, kiss ya, kiss ya
Kiss ya everywhere

I see you lookin' at me, exactly like you know what it do
When I leave where I'm at, make my way over to you
'Cause I ain't playin' with you, girl
(I just want you to know)
I ain't playin'
If I whisper in your ear what's goin' through in my in my head, baby
I bet you turn around an' say, "Baby, let's leave"

They say rockstars live da life, but I beg to differ
Tommy Lee and Nikki sumtin' ain't got shit on this nigga
From some Playboy Bunnies girls with their own money
Got 'em so backed up in my sidekick it ain't funny

Got 'em high enough in parties, sometimes keep da red carpet
'Cause I don't know how to stop it once I get it started
I go hard, go hard when I'm in da paint
Quick to let you know I'm errthing that your nigga ain't

If he ain't got a mil' ticket, a mansion and a condo
Fleet full of cars, then you need to let your man go
This ain't 'bout da money, baby, this about a good time
And I ain't trying to replace your man
I'm just talking 'bout this one time

And your mind saying no but your body saying yes
How you droppin' in that dress and your eyes tell the rest
So don't slip
(Jecho)

Look again
(Jecho)
Girl, if you do, I'm goin' in
