Bounce, bounce, bounce  
Bounce wit me, wit me, wit me, wit me  
Bounce wit me, wit me, uhu uh, bounce

*[Chorus 2x:]*

Heavy rotation on every channel  
From Cali down to Atlanta  
You love him, hate him, no matter  
I got ya'll (ok)  
Lifestyle's bananas  
It's lights, action, camera  
Cuz Bow Wow's the man  
I'm just hot ya'll

*[Verse 1:]*

Okay, well right now (yeah)  
Turn the lights down  
Turn up my music loud  
See how I burn this mic down  
I'm takin' flight now  
Let me hear you yell out  
Wherever you from, get it crunk  
I don't care 'bout (naw)  
Ladies lookin' boughi, lookin' good  
Through Chanel outfits, get to it  
Let me see ya sweat ya head out  
Then throw ya hands up  
Get rid of the handcuffs  
I just wanna dance  
What you talkin about ya man for (c'mon)  
Baby, I got ladies way from Haiti to Atlanta (ladies now)  
A Peaches, Felicias, several Keishas and Samanthas  
Aquarius, Libras, Sagittarius, and Cancers  
Actresses and models, yeah, they all give me the  
chance to  
Give 'em amnesia (oh)  
Forget how we treat ya  
See if I can fit you in my new 2C-uh (vroom vroom)

Chisel like a fever, cool like a freezer (yeah)  
Baby, this the truth comin' live through ya speakers  
Bounce

*[Chorus]*

*[Verse 2:]*

Listen, I got ya'll (uh huh)  
Flamin' hot dog (uh huh)  
And I'ma stay on top, like it or not dawg (fa sho)  
Lose my spot, fall  
Naw, I doubt that (ha yeah)  
See, crush or bust, Pipe, I was taught to bounce back  
(yeah)  
That's why I told ya bounce wit me (yeah)  
Snazzy, can ya count wit me  
1 million, 2 million, 3  
My account wit me rolls up (cha ching)  
Hold up, See me when I roll up  
Tinted windows rolled up  
On 24's lookin' like a grown up (fa sho)  
Hoppin' up my own truck  
Glistenin' and froze up (bling)  
No introduction needed  
Sometimes seein's believin'  
So on TV, or whatever, you see me  
Girls all scream like I got the heebee geebees (ah ah)  
Tryina squeeze me, Guys wanna be me  
Some wanna see me fail, it's not easy (naw)  
It's impossible to beat me (no)  
Number one for ten weeks straight, young B-weezy  
Now bounce

*[Chorus]*

Okay now bounce....

*[Chorus 2x]*
