1st Verse

I got her body cimmling when I'm licking it
Love it when I'm sticking it
She like to do it with the lights off
Don't I get you wet while I'm kissing your neck?
No time for games
Gone head girl take your clothes off
Beat it from the back
While I'm gipping your waist
Pulling on your hair
Tell me girl, How you like it?
And when I put it in your mouth
Swollow it hole
You like cake right?
Well taste my iceing
We can fuck on the beach
For everybody can see
If that's the kind of freaky shit you into
And the track so sexy
You got me feeling horny I can fuck you to this
instrumental

And she don't mind me with other chicks long as I give
her the dick
I'm a dog I'm bow wow so we do it doggy style that
always make her come quick
Listen

Give head like a porn star
And she make my thing solute like a soldier
Give it to me now

You got me feening like a crack addicts
Shit as soon as I bust she can't get enough
She rolled the blunt and we get right back at it
