You're my/  
You're my/  
You're my baby baby baby baby baby/  
You're my baby baby baby baby baby/  
Yeahh yeahh  
Ohhh-ohhh/

Verse1:

It was the summer of 2001/  
All before the drama begun/  
When we first met/  
I seen you sitting out on your steps/  
You was broke down crying a mess/  
So i interferred/  
I asked what's the reason for tears/  
I was wishing you could tell me your fears/  
But i had to start with ya name/  
Ya told me how ya man playin games/  
So i said that it was time for a change/ And you just  
laughed/  
But it looked like you aint laughed in a while/  
I was glad i could give you a smile/  
Then we both blushed/  
But really girl it aint no rush/  
I was thinkin that maybe we could discuss/  
A future for us/  
Cause homeboy just got you crushed/  
You nedd to leave that clown in the dust/  
Trust/  
I just wanna talk/  
Im thinkin i can give you a call/  
And we can pick it up/  
Where we left off/  
Ill holla tomorrow/

Chorus:

Girl i understand your loyal to ya man/  
And that's alright aww baby/  
But that don't change the fact/  
That you fight and you stay cryin every night/  
Oh baby/  
Girl you gota let him know/

You can't live like this no more/  
Aww baby/  
Cant you see/  
Together you and me could be so special baby

Verse2:

Our feelings get greater/  
A million days later/  
Talkin all night we stay up but/  
Here comes ya ex/  
Returned with that drama and stress/  
All the nonsense that you just left but yet/  
You accept and go back to try it again/  
Then return with a broken heart/  
That i gotta mend/  
That's unfair/  
Ive only been your lover and friend/  
And homey there he just front and pretend/  
But you don't care the life he leads/  
Is unsafe/  
I would never place my hand to your face/  
But still i chase/  
Cat and mouse/  
First you kick him out/  
Then you at his house/  
What is that about/  
I can't figure you out/  
Even your friend said i was better/  
But you listen to them/  
Never like uh-huh whatever/  
So the next time he hurt you again/  
You already know where you should have been/  
And that's with me/

Repeat Chorus

Verse3:

All the times/  
You 2way tellin me/  
That you miss me/  
Wantin me to come over and keep you busy/  
Remember that/  
Now that you gone/  
Its been kinda hard/  
Cant sleep, can't think/  
Cant do nothing at all/  
Just tell me why you had to go back/  
See you aint have to go through that(u aint have to go  
through that)/  
My baby/  
You could have been right here by my side/

Me and you at the park taking walks outside/  
But/  
Instead, i keep on having these dreams/  
Waiting for my phone to ring/  
My baby/  
Wishing that it would be you/  
But i know that that wont come true/  
My baby/

Chorus
