[Lil Bow Wow]

Yeah

I'm the hottest thing to hit the block since the CFI

From CO to ATL I ,keeps it live

Like a fresh pair of 23's, once seen

Niggas can't get enough of me, my team

gettin' this paper from all angles

Which means everybody got a triangle

Ya heard me?

I'm the truth like beans

And when it comes to teens in this rap thing

You looking at the rock

Not to mention that I'm hot

Yeah you already know

And I shuts down the spots wherever I go

Call me the Tiger Woods of this

Young and explosive

I come with the dopest flow at 13 like whoa

[chorus]

Little girls think that I'm delicious

Grown folks say I'm just too vicious

But they don't understand

It's just the dog in me

And that's just the way I am

Mess with me you get bit

In 2k I ain' t havin it

What y'all don't understand?

It's just the dog in me

And that's just the way I am

Lil man with big checks

Lil man thats got big girls

Wanting to teach me about sex

I don' t care who coming

Cause I' m here now

A hundred miles runnin'

Lil Bow Wow

Drop bombs like flex constantly

And at 6 o' clock

You can find me on Craig street

Can' t wait till I can see what the club be bout

Can' t wait to get a whip
So I can dub it out
I like no gold, I rock corn rolls
The only way I know to hit the block is on swoll
Can never get enough dough
So I keep grinding
So I can keep shining
And big tymin' like baby
[chorus] 1x
Now my wallets to deep for y' all cats to swim
So if you copy me I 'm dissin ' you like Eminem
I mean straight to your face or live on TV
I might look cute but it's the dog in me
That makes me wanna tear up, everything in sight
Jump from girl to girl to stay out all night long
I'm little but I get my mack on
With my nick nack patty wack, def back-bone
Got everybody at home glued to their tube
Waiting to see what I drop new like Clue
Cause when I do what I do I breaks the bank
Cause a dog ain' t a dog without a pile of stank unh
[chorus]
