Now if I hit your broad that's too bad  
You so lame and she like my swag  
Make her do flips like an acrobat  
Once I get her back to my bachelor pad  
Kick back chill get your party on  
We gon' pop it off like it's Mardi Gras  
We gon' have it popping baby all night long  
You should listen to my boy Omarion

Girl welcome to the thrill of your life  
You see this bachelor pad will have your heart race  
I got rooms that change your mood  
Got a bed where I can take you to the highest altitude  
My walls are O C D high resolution HD  
And I got them in the wall in face of my AC

You can't get mad your chick chose me  
She wanna roll with a winner  
So I guess your girls exit would be  
Back to the pad where we gon' do it all night  
Yea baby girl just you and me  
And we could do the freaky things you like  
And I swear to God your boyfriend ain't me

And she said she likes when I work the middle  
Yup when I murk the middle  
She don't wanna be with you because your  
thing too little  
So charge that one to the game  
Ain't nothing little over here ma not even the  
name  
Heated floors up in the crib don't worry 'bout  
the mess the maids will fix it  
Get girls to the cribs they don't know how act  
When I get 'em back to my bachelor pad

Now if I take your girl that's too bad  
I'm so raw she like my swag  
Make her do tricks like a circus act  
Once I get her back to my bachelor pad  
If I hit your broad that's too bad  
You so lame and she like my swag

Make her do flips like an acrobat  
Once I get her back to my bachelor pad

She told I was better than X  
And this is a new world she never banged out in a stretch  
Never got wet in a jacuzzi heart shaped  
Never seen a private lake with a speed boat in the back  
Never seen nothing like this before  
Platinum faucets with the royal doors  
Pad so clean you could eat off the floor

Let me talk to you  
Let take you on a private tour  
I don't even have doorknobs on my doors  
Like you they just move when they hear my voice  
Yup that's Egyptian marble on that floors  
Sofa chair got chinchilla hair  
I swear go take a feel we don't chill in there  
No! Why  
They liquor might spill in there  
I got a movie room we can make a film in there

You know the pad got an elevator in it  
So ma just come thru and get elevated in it  
Been here for quite a minute  
I ain't even seen the kitchen  
I just hit the intercom and tell the waiter get it, bring it up  
Get it, I twenty man staff that can get it right  
When I need a midnight snack  
Tonight ma you gon be my midnight snack  
Turn my room to a coup  
What the roof retract

Now if I take your girl that's too bad  
I'm so raw she like my swag  
Make her do tricks like a circus act  
Once I get her back to my bachelor pad  
If I hit your broad that's too bad  
You so lame and she like my swag  
Make her do flips like an acrobat  
Once I get her back to my bachelor pad

I said the floor touch sensitive ma, really though  
We walk they light up  
Like Billie Jean video  
And my bar got neon lights  
I'm running liquor all my toss hundreds on the dance floor  
Look I got dancing poll up on my dance floor

So there ain't telling where my hands go  
So if my hands go low then let ya pants go  
Seven star suites I'm on the 12th floor  
It's the antidote  
I got an indoor pool ma, come and get your panties  
soaked  
Yup hop in and splash once I get you back to my  
bachelor pad

Now if take your girl that's too bad  
I'm so raw she like my swag  
Make her do tricks like a circus act  
Once I get her back to my bachelor pad  
If I hit your broad that's too bad  
You so lame and she like my swag  
Make her do flips like an acrobat  
Once I get her back to my bachelor pad
