I'm young, I'm right, I'm flashy, I'm fly
So fly I'm about to take off
Now O is the R 'n' B, the hip hop that's me
Tonight we about to face off

Now watch as I drop that drop on the Aston Martin
Few shots then we left the bar, anything she's asking
for
I make it appear like a magic wand

I got the antidote, I got the strobe light and a pole
She gotta do it right on camera though
Bring another friend so my man could go, O

Hey baby, you say you wanna be my girl
Hey baby, you say you wanna fly 'round the world
Hey baby, you say you wanna be with a star
Hey baby, don't be afraid to show who you are

You scared, come on, you scared, come on
You scared, jump off, jump off, jump off, jump off
You scared, come on, you scared, come on
You scared, jump off, jump off, jump off, jump off

I got one named Brenda, put her on my agenda
Should've seen the way I bend her
She drunk the juice from my pimp cup

Opened up and I entered
Closed her up then I sent her home packing
I jumped out then O jumped back in, go

You've been checking us all night and been confused
About who you gonna leave with, well, let me help you
If you come through you gotta do two

You've been checking us all night and been confused
About who you gonna leave with, well, let me help you
If you come through you gotta do two, yeah

Hey baby, you say you wanna be my girl
Hey baby, you say you wanna fly 'round the world

Hey baby, you say you wanna be with a star
Hey baby, don't be afraid to show who you are

You scared, come on, you scared, come on
You scared, jump off, jump off, jump off, jump off

I got one named Ashley, swear she can outlast me
Every time we go she's fast sleep
Now you tell me who's that deep

She like oow, I gave her that oow
Now she's walking like oow
Now jump off, jump off, kick off, I'm hot

Hey baby, you say you wanna be my girl
Hey baby, you say you wanna fly 'round the world
Hey baby, you say you wanna be with a star
Hey baby, don't be afraid to show who you are

You scared, come on, you scared, come on
You scared, jump off, jump off, jump off, jump off
You scared, come on, you scared, come on
You scared, jump off, jump off, jump off, jump off

What's that baby?
You look like you having a hard time
Trying to pick who you're gonna leave with

I'm saying, you can take us both
You know they say two better than one anyway
I'm sayin', hey Rick Rubin, I'ma need a clearance on
this pimp
