I ain't ever had nobody show me all the things
That you done showed me
In a special way I feel when you hold me
We gon' always be together, baby
That is what you told and I believe it
'Cause I ain't never had nobody do me like you

Now I done been with different kind of girls
So like I done seen them all
But ain't none of them at all
(Like you)
And I done seen the best of the best
Baby, still I ain't impressed cause
Ain't none of them at all
(Like you)

If you know how I feel when I chill
Look, if I'm seen with a girl
Then she gotta be just
(Like you)
And baby, that's the way I feel
And I ain't got no choice
But for me to keep it real

'Cause when we first got together
Starting hanging out you was skeptical at first
Had to figure out if I was the kind of guy that
Would try to dog you out but
I ain't that kind of guy you try to make me out

You found out when you turned to my baby
I showed them other brothers how to treat a lady
I let you drive when I ride that Mercedes
And I ain't tripping or acting shady
'Cause baby, you know

I ain't ever had nobody show me all the things
That you done showed me
In a special way I feel when you hold me
We gon' always be together, baby
That is what you told and I believe it
'Cause I ain't never had nobody do me like you

And every time I think about you, I smile
When you ride, when you call, when you come around
Your love is amazing to me
I can't wait 'til I see you
(I wanna be with you again)

And every time you're out on the road
(I'll make a trip)
And whenever I'm doing a show
(Don't you forget)

That I'm your main chick
Who got that game chick
One in the same chick
The one you can hang with

I ain't ever had nobody show me all the things
That you done showed me
In a special way I feel when you hold me
We gon' always be together, baby
That is what you told and I believe it
'Cause I ain't never had nobody do me like you

Okay, we hit the mall, pop tags spend a few G's
(Cheesing)
Hit the runway to a new season, it ain't nothing
Spoil the one I care for, feel like I ain't doing enough
That's when I shape off, I give you this, give you that

What chu need love? You know I got it
Holla at me if you need love
In affection 'cause I'll be your protection
Kind of hard job but I'll do 'til perfection

And you can tell that I ain't trying to let you go
I get with you when I can, so that's how I let you know
And you be tripping 'cause sometimes I gotta go
But chu the first one I hollered to right after my show

Hey, now I was tripping in a sense
I was tense but my body's loose around you
But I'ma do without you
I gotta get it together, say whateva
Since I met you, my life seems so better

I ain't ever had nobody show me all the things
That you done showed me
In a special way I feel when you hold me
We gon' always be together, baby
That is what you told and I believe it

'Cause I ain't never had nobody do me like you

I ain't ever had nobody show me all the things

That you done showed me

In a special way I feel when you hold me

We gon' always be together, baby

That is what you told and I believe it

'Cause I ain't never had nobody do me like you
