I was the one who had shit for brains  
I never took the time to notice  
That I was always wrong and you weren't  
You were the one who gave up sp many things  
Took you for granted  
But you understood  
It was just a phase

[bridge]  
And I've got a new direction  
A blueprint for erection of a new life  
It's such a simple situation  
Some kind of masturbation  
With a new twist  
I don't know why

I've got it all figured out  
We can ,make it  
And I'll never let you down  
Just take my hand  
And understand  
There's a lot of tomorrows  
I let you down  
You had no complaints  
Watched as the world went spinn'  
Around without you  
You waited for me  
You wanted diamonds  
I came up with rollerblades  
Shot down again but you smiled  
Shook your head  
And knew that I changed
