I was all alone on a Saturday night
The funny thing is, we didn't even have a fight
I stayed up all night crying, slept all day, missed the
game
Inside i think i'm dying, i just can't figure out how she
slipped away

I was out all night one day in Dallas
And the strangest thing is, i can't remember a thing
I was drunk and drinking, woke up in my best friend's
car
My friends say i got crazy, still need to find out how she
slipped away

I have no idea what i did,
She just told me, "have someone check your head"
Let me ask you, do you think i was wrong?
Trying too hard, maybe i came on too strong?

Trying to find, trying to find, trying to find, trying to
find a reason not to leave your side
Trying to find, trying to find an answer before i lose my
mind

I was at a club real late last Tuesday,
And the weirdest thing is, i can't remember her name
I stayed up all night trying to make her face, look just
like yours
And she ended up crying, i still need to find out how
she slipped away

I have no idea what i did
She just told me, "have someone check your head"
Let me ask you, do you think i was wrong?
Trying to hard, maybe i came on too strong?

Trying to find, trying to find, trying to find, trying to
find a reason not to leave your side
Trying to find, trying to find an answer before i lose my
mind [x2]
