"I Melt With You"

Moving forward using all my breath,
Being friends with you was never second best,
And I saw the world crashing all around your face,
Never really knowing it was always mesh and lace.

I'll stop the world and melt with you
You've seen the difference and it's getting better all
the time
And there's nothing you and I won't do
I'll stop the world and melt with you

(You should know better) Dream of better lives the kind
which never hate
(You should see) Trapped in a state of imaginary grace
(You should know better) I made a pilgrimage to save
this human's race
(You should see) Never comprehending a race that's
long gone by

(Let's stop the world) I'll stop the world and melt with
you
(Let's stop the world) You've seen the difference and
it's getting better all the time
And there's nothing you and I won't do
(Let's stop the world) I'll stop the world and melt with
you

The future's open wide

I'll stop the world and melt with you
(I'll stop the world) You've seen some changes and it's
getting better all the time
And there's nothing you and I won't do
(I'll stop the world) I'll stop the world and melt with you

The future's open wide

I'll stop the world
I'll stop the world
I'll stop the world

I'll stop the world and melt with you
(I'll stop the world) You've seen the difference and it's
getting better all the time
And there's nothing you and I won't do
(I'll stop the world) I'll stop the world and melt with you

I'll stop the world and melt with you (I'll stop the world
and melt with you)
I'll stop the world and melt with you (I'll stop the world
and melt with you)
