Julie has a dad that might as well be dead.  
A case of day habit and 3 other kids.  
And she's a much more beautiful person then he'll ever  
know.  
She hates the world. At least the one outside.  
She's a Myspace kid livin a virtual life.  
She's a much more beautiful person then she'll ever  
know.

#### CHORUS

Close your eyes and let time tick by..  
In this life, it's OK to cry, sometimes.  
It can be hard to see what's right in front of you.  
You're gonna smile sometimes  
And worlds will collide.  
I know you're tired of waiting  
So when you're through with hating,  
You'll ba a much more beautiful person, and now you  
know.  
And now you know.

Tommy can't help but feelin alone  
Walking the halls with his head hung low  
And he's a much more beautiful person then he'll ever  
know.  
Higschool kids can be so nasty in a cut-throat war for  
popularity. A much more beautiful person then he'll  
ever know.

#### CHORUS

And you don't feel so lucky, but I've seen so many  
things in you. Believe me, I know just what you're going  
through.  
So stand up and take a bow  
Hold your head high don't ever let them get you down  
It's all about you, and it's long over due  
You're gonna smile sometimes  
And worlds will collide  
I know you're tired of waiting,  
So when you're through with hating,

You'll be a much more beautiful person  
You'll be a much more beautiful person and now you  
know  
And now you know.
