I bet you 500,000

Let's see the motherfucking pink on the screen

Why don't you follow my lead and not argue all the
time
I've gotten more possy in the last few years than...than
Eric has in his whole life
I don't know if that's true but uh dude...
I have a really really big possy
Its huge it's like the freaking Grand Canyon
You have a freaking smelly possy
Yes, yes a big stinky possy
Well you know most of the time I am hanging out with
my possy
Its hanging out after the show and so they've been a
little sweaty so you
Know people get stinky (That explains it)
Oh man here we are, it's the end of our album
Let's take a shower together
Heheh no I think that's a bad idea
There's no way we're all gonna fit in there (I disagree)
I meant let's go have a beer together (Oh)
We should try it (Let's see some money)
Uh it's the end of our record and, uh Thank you
If your still here than you are more queer than us
You have some problems (and a lot of time on your
hands buddy)
And you should seek help
Oh...Thank you! (Hang on)
Goodbye...Goodbye..Goodbye...
Holy shit dude that was awesome
Goodbye...Goodbye..Goodbye...Goodbye..
It's nice to say goodbye...
