I'm happy again to be stuck here again  
And you're so happy again to be stuck here again  
Now we can rap about "the good old days"  
Laugh at dumb jokes that you make  
It's great to be here and

I'm just elated to be someone you once hated  
And it's all so complicated  
Maybe this time you can come outside your little world  
Make out with another girl  
If it were up to me

[chorus]  
I'd like to buy you flowers everyday  
Make everyday a holiday  
Carry on and on and on about you and the things you  
do  
The things you do

Im so sorry again you say you're leaving me again  
Cause you're not happy again  
And I'm left stuck here again  
Now you can scream about the little things  
Slap me twice across the face  
Man it would be great if I could
