I don't know  
When it all began to simmer down  
And suddenly I don't want you around  
And I'm sittin' here  
I drownin' in the worries and the fear  
And now I wish it wasn't quite as clear

Cause I am  
Starting to forget now  
It disappears so fast  
I'm waiting for the "Question" to be asked  
And if ya saw me now  
You'd not be disappointed

So now I've gotten to a point  
I'm not ever coming back  
Minds made up  
I'm staying for as long as it takes

(To get)  
To get close to you  
I wanna get close to you  
And I need more time  
I wanna get close to you  
I just want close to you  
And I'm not sure why

Sometimes I  
I get up in the mornings so surprised  
It takes me some time to realize  
Lately I  
Have wished that you were still around  
Here to pick me up off of the ground

Cause I am  
Starting to forget now  
It disappears so fast  
I'm waiting for the "Question" to be asked  
And if ya saw me now  
You'd not be disappointed

So now I've gotten to a point  
I'm not ever coming back  
Minds made up  
I'm staying for as long as it takes

(To get)  
To get close to you  
I wanna get close to you  
And I need more time  
I wanna get close to you  
I just want close to you  
And I'm not sure why

I'm losing it  
Whoa whoa whoa  
Make me sick  
Whoa whoa whoa

Minds made up  
I'm staying for as long as it's taken

(To get)  
To get close to you  
I wanna get close to you  
And I need more time  
I wanna get close to you  
I just want close to you  
And I'm not sure why ....x2
