Its not the end of the world
In fact it's not even the end of the summer
But thank God the tv is on
'cause there's no way we could know
Anything that's goin down
Or how were supposed to be feeling about it
I can't tell you how much I wish we could shut up and
smile, yeah

Sail around the world and tell them all to keep singing
it
La la la la la
All we needs a harmony and we'll convince the world to
sing
La la la la la
Throw your arms around someone (throw your arms
around someone)
Maybe spread a little love
I know it sounds a little dumb (or maybe I'm a little
drunk)
But all we need is some ice cream and a hug

Take a good look around
Does life really suck
Are we just complaining
I hope that this mic is on (testing 1, 2)
'cause im on a roll here
I hope this is making some sense
I hope that you'll throw up your hands and sing it
And tell all the haters that they should just shut up and
smile, yeah

Sail around the world and tell them all to keep singing
it
La la la la la
All we needs a harmony and we'll convince the world to
sing
La la la la la
Throw your arms around someone (throw your arms
around someone)
Maybe spread a little love

I know it sounds a little dumb (or maybe I'm a little drunk)
But all we need is some ice cream

All we need is love and beer
And old school metal and holiday cheer
TO be happy
(All you need is someone near)
Like ben and jerry
(to hold you close and pretend that they care)

Can we all just, get along now
We found something that we all have in common now
We can hold hands, do keg stands
Water skiing sounds great to me now

Sail around the world and tell them all to keep singing
it
La la la la la
All we needs a harmony and we'll convince the world to
sing
La la la la la
Throw your arms around someone (throw your arms
around someone)
Maybe spread a little love
I know it sounds a little dumb (or maybe we're a little
drunk)
But all we need is some ice cream and a hug

(Chanting ?All we need is love and beer?)
All we need is some ice cream and a hug
All we need is some ice cream and a hug
All we need is some ice cream and a hug
