Such a big man, such a little chick  
I think it all goes back to your tiny  
Pick-up truck in the driveway  
With a sticker on the window  
'Rest in Peace Number 3'

Tell all your friends  
How you put her in her place  
7 pounds of makeup  
Just to hide her beat-up face  
Such a pretty face

It takes a tough man to slap her around  
Such a bad guy to keep such a good girl down  
She's wearing shades but we all see  
Behind the tinted glass  
And I've got 99 biker friends  
That wanna kick your ass

Tell her that you're sorry  
Blame it on the beer, your dad was mean to you  
Your friends think you're an asshole and I do too  
Over compensating for your small shoes

Taking her away, but you won't say when  
Hold her in your arms  
Tell her this won't happen again  
When will this end?  
Well, it takes a tough man to slap her around  
Such a bad guy to keep such a good girl down  
She's wearing shades but we all see  
Behind the tinted glass  
And I've got 99 biker friends  
That wanna kick your

I wish Bruce Lee was here right now  
With his trusty num-Chuck Norris is still alive  
So let's call up 'Walker, Texas Ranger'  
All the dudes from 'Danger, Danger'

Let's get the A-Team  
50 Cent with his bling bling

And a couple of prison guards

It takes a tough man to slap her around  
Such a bad guy to keep such a good girl down  
You're such a tough guy  
I can't wait to bring you down

She's wearing shades but we all see  
Behind the tinted glass  
And I've got 99 biker friends  
That wanna kick your ass

I hope that she can run fast  
Start running now  
We're gonna kick your ass
