Back there somewhere
I can hear her calling out
I've got so much I can tell her

She knows I miss her
I know she thinks about me too
I just cannot wait to kiss her

On the boulevard we danced
I tell her if I get the chance
Just what all this means to me

Maybe I'll just say we could run away
Never look back
Never doubt it

You don't owe me anything
I owe everything to you
Take my hand and hold on

I think she likes me
I can see it when she laughs
She won't say it but I see it

Loves to wake me
Just to see if I'm asleep
Or just to tell me to move closer

On the boulevard we danced
I tell her if I get the chance
Just what all this means to me

Maybe I'll just say we could run away
Never look back
Never doubt it

You don't owe me anything
I owe everything to you
Take my hand and hold on

On the boulevard we danced
I tell her if I get the chance

Just what all this means to me

Maybe I'll just say we could run away
Never look back
Never doubt it

Don't ever look back
Don't ever doubt it

You don't owe me anything
I owe everything to you
Take my hand and hold on

You don't owe me anything
I owe everything to you
Take my hand and hold on
