She looks at me and my world stops
I've got to let her know
Before she has to go
And i hope she does confront me
Cuz i might never find
The words i got in mind

And i don't know, no i don't know
What to say when i'm around you
And I don't know just what to do

You must know the way i feel
By the way i'm acting, yeah
You know i'm so crazy
I'm so crazy about you

She tries to catch me, i won't stop
She grabs me by the hand, i knew she'd understand
And she kisses me, and my heart stops
She asks me if i dance, I said i love the chance

But i don't know, no i don't know
What to say when i'm around you
And I don't know just what to do

You must know the way i feel

By the way i'm acting, yeah
You know i'm so crazy
I'm so crazy about you

She tells me that i am the one she's been looking for
I only hope that it is true
And if i tell her that her image never leaves my mind
Will she say she loves me too?

She looks at me and my world stops
I've got to let her know
Before she has to go
And i hope she does not confront me
Cuz i might never find
The words i've got in mind

And i don't know, no i don't know
What to say when i'm around you
I don't know just what to do, yeah

You must know the way i feel
By the way i'm acting, yeah
You know i'm so crazy,
I'm so crazy about you
