I was all alone on a Saturday night
And the funny thing is we didn't even have a fight
I stayed up all night crying and I slept all day, I missed
the game
Inside I think I'm dying, I just can't figure out, how she
slipped away

I was out all night one day in Dallas
And the strangest thing is I can't remember a thing
I was drunk and drinking and I woke up in my best
friends car
My friends say I've got crazy, you still need to find out
How she slipped away

I've have no idea what I did
She just told me, "Have someone, check your head"
Let me ask you do you think that I was wrong?
Trying too hard, maybe I came on too strong

Trying to find, trying to find
Trying to find a reason not to leave your side
Trying to find, trying to find an answer before I lose my
mind

I was at a club real late last Tuesday
And the weirdest thing is I can't remember her name
I stayed up all night trying to make her face look just
like yours
And she ended up crying, I still need to find out, why
you slipped away

I've have no idea what I did
She just told me, "Have someone, check your head"
Let me ask you, do you think that I was wrong? Yeah
Trying too hard, maybe I came on too strong

Trying to find, trying to find
Trying to find a reason not to leave your side
Trying to find, trying to find an answer before I lose my
mind

I'm trying to find

I'm trying to find a reason not to leave your side
I'm trying to find
I'm trying to find an answer before I lose my mind
