She was everything
And I didn't even notice when she changed her hair
When she talked about her day, you know I didn't care
She was everything

I tell you what she said
(Tell you what she said)
You can take your broken promises and hit the door
She told me that she couldn't take it anymore
And that's all she said

And
She set a time bomb to go off when she had gone
And when it all came down, I had nowhere to run
And as she slammed the door, I swear I heard her say

"Now you can rock and roll all night
And sleep all day"
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

She was everything
(She was everything)
And I didn't think I'd notice if she wasn't there
When she said that we were through, I said I didn't care

I lost everything
(She's everything)

And
She set a time bomb to go off when she had gone
And when it all came down, I had nowhere to run
And as she slammed the door, I swear I heard her say

"Now you can rock and roll all night
And sleep all day"
Yeah, yeah, yeah, yeah, yeah

Well, you can rock and roll all night
And sleep all day"
Yeah, yeah, yeah, yeah, yeah
