She packed her shit and she left for the city  
On the 8:10 train and I still can't believe it  
Man, I don't even know how we could let this happen

She slammed the door and she gave me the finger  
And we fell so fast I still can't remember  
You can read it yourself, it's all in the letter  
Man, I don't even know how we could let this happen

Maybe you're right  
We've had a good time  
I'll sit around, you get yourself a new life  
Go get your spot  
(Go get your spot)  
Go find your smile  
And get happy

(Heard, heard)  
Heard you're back, did you find what was missin'?  
Was it just that easy or were you mistaken?  
Man, I don't even know how we could let this happen  
I don't even know how we could let this happen

Maybe you're right  
We've had a good time  
I'll sit around, you get yourself a new life  
Go get your spot  
(Go get your spot)  
Go find your smile  
And just let it shine tonight wherever you are  
I hope there's a spot  
(I hope there's a spot)  
Save me a smile  
And get happy, yeah  
(Oooh)  
Happy, yeah  
(Oooh)  
(Pa pa pa pa)  
Happy, yeah  
(Pa pa pa pa pa pa)

Maybe you're right

We've had a good time  
I'll sit around, you get yourself a new life  
Go get your spot  
(Go get your spot)  
Go find your smile  
And just let it shine tonight wherever you are  
I hope there's a spot  
(I hope there's a spot)  
Save me a smile  
And get happy  
And get happy, yeah  
Get happy, yeah

Oww, she left me  
(Find your smile)  
Slammed the door and she gave me  
(Find your smile)  
Guess who's back in the city  
(Find your smile)  
Man, I just hope you're happy  
(Find your smile)
