You know I only want what's best for you
And I hope you do well
In everything that you do
And it's a funny thing but now that you're gone
I don't wish you were dead anymore

I hope you're doing fine
I hope you found the time
To chase that dream,
I wanna see you shine
You were always on my mind
And my heart's on my sleeve
Do you know what I mean?

You know I only want what's best for you
And I hope you do well
In everything that you do
And it's a funny thing but now that you're gone
I don't wish you were dead anymore

Remember hangin' out
There was never any doubt
You were on my side
No use living in the past
Should have known it wouldn't last
Nothing good ever does
But that's alright

You know I only want what's best for you
And I hope you do well
In everything that you do
And it's a funny thing but now that you're gone
I don't wish you were dead anymore

I think about the times we had
And when you left me I was lost
Girl I missed you so bad
I was out of my mind for sure
No matter what I said I don't wish you were dead
anymore

I hope you're not alone

I hope you found a home
That you can live in
Me I'm doing good in the old neighborhood
So please don't come back
Never Come back

You know I only want what's best for you
And I hope you do well
In everything that you do
And it's a funny thing but now that you're gone
I don't wish you were dead anymore
I don't wish you were dead anymore
I don't wish you were dead anymore
