I met her at the Sonic
She was listening Detonic
With her I-Pod and the rollerskates

She said her name was Summer
When I asked her for her number
She said "Never mind i get off today".

She had eyes like Heaven, face like an angel
But she had the body from Hell

Cause in a half an hour
We were making in the shower
Taking dirty pictures of myself

Then she whispered in my ear...

I've never done
I've never done
I've never done anything like this [2x]

Yeah, right!

She drove me in the southern
to the Sweetwater Tavern
Just a block of the Denton Square

She did a shot of Jäger
and she made out with the waiter
While i was just sitting here

Before too long her
clothes came off light

Stuffed in and the girl's gone wild

Had to come up with the bail,
just to get her out of jail
And she threw up at the passenger's side

Then she whispered in my ear...

I've never done
I've never done
I've never done anything like this [2x]

Yeah, right!

She says that trouble never finds her
No fucked up history behind her
She says she's never stolen anything
except the car we're driving

Oh shit!

Then she whispered in my ear...

I've never done
I've never done
I've never done anything like this [4x]

Yeah, right!
Yeah, right!
