I got it stuck in a bind  
I don't even know why  
It sucks to even try  
But I won't try anymore

She took the afternoon train  
To find a different plane  
But life down the drain's  
Better than being ignored

I think I'm taking a vacation now  
I'm on holiday and maybe I won't rest  
Until I've thrown it all away  
Yeah I've got it down

I'm gonna feel sorry for myself  
I want to blame it on everyone else  
I want to be self centered  
And make everybody feel sorry for me

She sent a postcard again  
She said she had a new friend  
I hope that by the end  
He throws her heart to the floor

She says he's really okay  
I hope that he's gay  
It's not a nice thing to say  
But I don't care anymore

I think I'm taking a vacation now  
I'm on holiday and maybe I won't rest  
Until I've thrown it all away  
Yeah I've got it down

I'm gonna feel sorry for myself  
I want to blame it on everyone else  
I want to be self centered  
And make everybody feel sorry for me

I'm gonna feel sorry for myself  
I want to blame it on everyone else

I want to be self centered  
And make everybody feel sorry for me

My leg fell asleep  
'Cause you laid on it  
There's no reason to dwell on it  
It's just not worth it

Remember a year ago  
When we played in the show  
Now get out of my head, yeah

I want feel sorry for myself  
I want to blame it on everyone else  
I want to be self centered  
And make everybody feel sorry for me

Gonna feel sorry for myself  
I want to blame it on everyone else  
I want to be self centered  
And make everybody feel sorry for me  
Feel sorry for me, yeah
