(Everybody's dancin)  
(Good God)

(Everybody's dancin)  
(Good God)  
(And we're havin a real good time)

[ VERSE 1: MC Twist ]  
MC's step aside, it's my turn  
I'm so hot, I'm about to burn  
My temperature passed 102  
So all you suckers, I will melt you  
It's confusion but I'm makin it clear  
My intention is to reach your ear  
To make the beat move your fear so you dance  
(Party people in the house) here's your chance  
To put on your shoes, put on your clothes  
And just rock till the party grows  
To the point where the joint is filled  
I'm hard, I don't need a shield  
To any suckers that's in my line  
And right now I'm ready to unwind  
And get loose as the bass thumps  
And when I do - the house jumps

[ VERSE 2: MC Twist ]  
I always dominate the show  
Could anybody else? (Hell no!)  
I'm top dog, the hog from San Jo  
And I want y'all out there to know  
I'm not a fake and now I'm at the top  
So remember that I will not stop  
Get filthy when you hear this groove  
Break it down (down) now move  
Your feet and stay on track  
Grab a girl, freak her from the back  
Don't hold up the wall, don't keep yourself still  
(Do you really wanna party?) No need to chill  
Pay attention to girls wearin thighs  
You want them for your lonely nights  
Miniskirts and pumps with some big old rumps

And when you see em - the house jumps

[ VERSE 3: MC Twist ]

I need a freak with a pretty smile  
So we can do it, love American style  
That's the game that I wanna play  
And if I do everything I say  
Just maybe I want you for my girl  
I kick you down with one big pearl  
But don't simp sayin I love you  
Because the boys from my crew  
They won't take it, and we're in effect  
At the same time we're gettin respect  
Boy Flash gets the party goin  
KJ keeps the groove flowin  
When I rap to the groove  
I say together we'll make you move  
So get with it when the music pumps  
And when you do - the house jumps

Yeah

Yo Flash, make the tables talk  
(Bust this) (this) (beat)
