I met her just today  
But i've seen her before  
Now i sit beside her  
She told me her name  
I said that's my favorite song  
And she said she's never heard it

She broke my train of thought  
When she told me a secret  
The one about a friend now  
I felt a hand upon my knee  
I guess i forgot to breathe  
But only for a moment

All the while i'm thinking  
That i can't believe she's here with me now  
I might be dreaming  
If i am don't tell me i don't wanna know

She got up to get a beer  
So i moved closer to her chair  
And she pretended not to notice  
Well i hope she doesn't leave  
Cuz i'd like to talk some more  
Before i have to go, now

All the while i'm thinking  
That i can't believe she's here with me now  
I might be dreaming  
If i am don't tell me i don't wanna know  
I guess my talk was too small  
I'm not getting anywhere  
But i've been here before  
So i'll just drive home by myself  
And drift away to sleep  
I guess it's no big deal.....(big deal)

They finally closed the doors  
So i walked her to her car  
And the rain began to pour  
And with a smile she said good-bye  
And i watched her drive away

Well i guess i lost again, now

All the while i'm thinking  
That i can't believe she's here with me now  
I might be dreaming  
If i am don't tell me, i don't wanna know [x2]

Don't tell me i don't wanna know

All the while i'm thinking  
That i can't believe she's here with me now  
I might be dreaming  
If i am don't tell me, i don't wanna know [x2]
