All I needed was an answer, didn't ask for nothin' more  
She said, "Save your jacket at the door"  
We were locked inside, it started here we go  
You can hold my hand but

Don't go back on me  
Just remember that it's gonna be alright  
And you'll see we can have it all, yeah  
Can't you see that I'm right here waiting, looking back  
at you  
You and me, we've got nothing to lose, oh yeah

So she asked if I could stay there  
And I say, "We've been through this before"  
And she said, "Just close your eyes and say you love  
me"  
And we were locked inside again

Don't go back on me  
Just remember that it's gonna be alright  
And you'll see we can have it all, yeah  
Can't you see that I'm right here waiting, looking back  
at you  
You and me, we've got nothing to lose, oh yeah

All I needed was an answer, didn't ask for nothing  
more  
She said, "Leave your jacket at the door now"  
We were locked inside again, it started here we go  
If you can help me, let me know

All I need to kill the pain  
Is for someone else to blame  
And I've waited my whole life  
I try to run but I can't hide

Don't go back on me  
Just remember that it's gonna be alright  
And you'll see we can have it all, yeah  
Can't you see that I'm right here waiting, looking back  
at you  
You and me, we've got nothing to lose, oh yeah

We've got nothing to lose now  
No, you and me  
Oh, we've got nothing to lose now, now, now, now  
Oh, yeah  
Oh, we've got nothing to lose now, now, now, now
