Woh ho ho  
Yeah he yeah  
Just rockin' to the music...  
Dance... Dance...

I know it's foolish but I like your touch  
It keeps me movin' till I've had enough  
You're on a pedestal, I felt so alone  
Watcha gonna do for me  
Won't you come along and...

I'm always busy tryin' to catch your eye  
'Cause I just need you an' it ain't no lie  
This night is calling, I won't let it go  
Watcha gonna do for me  
Won't you come along and...

Ask me how I'm feelin'  
Doing this way  
Feelin' fine

Ask me how's the feeling  
I say it's allright  
Just allright

Now we've got a feeling  
Don't let it fade  
Fade away

Ask me how's I'm feeling  
I'm feelin' grand  
Feelin' grand
