I fell down again
But I can't complain
Another false step could drive me insane
I've only got myself here
To blame
So I shake off the feeling and I start again
Oh no I said I wanna come back
But I can, really should
And I gonna stay on track
Yeah, make a deal like that
I keep my head up, but I never react

I wrote it down at least a month ago
Sixteen chapters of one thing you've blown
The best thing yet to help you thru and thru
That she was
I feel her more than you

Chours:
Don't leave
Don't leave her

I get up just to get knocked back down
I sit up just to get knocked all around

I wanna say something but you're
Out of town
I don't wanna have another
Shut down
I say 'Stand up, hey. Yo! Let's make it clear.'
I follow you home
No! You were not there
You saw me coming
Jump! You disappear
Oh no everything seems so clear
You think you see me here all alone
I got my crew coming and their
1 by 1, 2 by 2, 3 by 3, 4 by 4
Let's do some more

Call me back when word is that she's gone

Cat like thief
She stole air from my lungs
Leave me standing on this lonely grave
I dug it out in case she turns away

Chours 5x
