I fell down again but i can't complain
Another false *step* could drive me insane
I've only got myself here, to blame
So i shake off the feeling and i start again
Hold on i said i wanna go back
But i can't win this shit and i got to stay on track
yeah make a deal like that
I keep my head up but i never react

(tom)
I wrote it down at least a month ago
16 chapters of one thing you've blown
The best thing yet to help you through and through
That she was i feel her more than you

Don't leave
Don't leave her

(tim)
I get *up* just to get knocked back down
I sit up just to get knocked all around
I wanna say something but your out of town
I don't wanna have another show down
I said stand up and go! lets make it clear
I follow you home no! you were not there
You saw me comming jump you disappear
Hold on every thing seemed so clear
You think you see me here all alone
Got my crew commin' now 1 by 1
2 by 2 ,3 by 3, 4 by 4. lets do some more

(tom)
Call me back when word is that she's gone
Cat like thief she stole air from my lungs
Leave me standing on this lonely grave
I dug it out incase she turns away

(tom) (tim)
Don't leave don't leave her,don't leave her, don't leave
her
Don't leave her don't leave her,don't leave her, don't
leave her

Don't leave don't leave her,don't leave her, don't leave
her
Don't leave her don't leave her,don't leave her, don't
leave her
Don't leave you think you see me here all alone
Got my crew commin' now 1 by 1 2 by 2 ,3 by 3, 4 by 4.
lets do some more
Don't leave her
Don't leave (repeat x2)
Don't leave her
Don't leave
Don't leave her
Don't leave
Don't leave her
Don't leave [fade]
