Look at you you're insecure  
Running down the street  
Screaming for attention  
Jokers lips and padded hips

Everybody's laughing  
But you don't care  
You're sick and you're twisted  
Irreverent, so beautiful

Look at me don't stare  
I'm already out there  
Goodbye butterfly  
Goodbye satan's child

Ah look at you you've got no shame  
Enemas, blood, cocaine  
Caviar and piss  
Disco monster terrorist

Hanging in the tate with  
Turner and van gogh  
Tell me pretty fat boy  
Is there something you don't show

Look at me don't stare  
I'm already out there  
Goodbye butterfly  
Goodbye satan's child

We love the big girls  
With tattoos on their wrist  
Sweet toys with lost eyes  
And big red lips

Give me sadness and badness  
Don't ever bring me round  
Elevator going up  
Reality is a come down

Goodbye butterfly

Goodbye satan's child  
Goodbye
