You bet that I cannot resist it  
When you move inside my life  
Touching souls I feel restricted  
And I know that it's not wise  
I can tell so much is changing  
But I'm blinded by desire  
Won't some God come down from heaven  
And set me free, set me on fire

Walking alone in the whisper of nighttime  
Walking alone, no comfort in sight  
Walking alone in the whisper of nighttime  
Too afraid and much too uptight

When you say that it's forever  
I believe it every time  
But out of reach, that ain't together  
I need someone to be mine  
I'm just shouting at the devil  
And my kind of love is greed  
But don't show too much affection  
Cause I'm willing, yeah  
I'm willing to let you bleed

Walking alone in the whisper of nighttime  
Walking alone, no comfort in sight  
Walking alone in the whisper of nighttime  
Too afraid to put up a fight

Don't believe that you're invincible  
To fall in love  
And you know that love won't save you  
Cause those kind of feelings  
You know they never do  
They never do

Walking alone in the whisper of nighttime  
Walking alone, no comfort in sight  
Walking alone in the whisper of nighttime  
Too afraid and much too uptight

I'm just walking alone  
You know I'm just walking

I'm just shouting at the devil  
And my kind of love is greed  
Don't you show too much affection  
Cause I'm willing, I'm willing to let you bleed

Walking alone in the whisper of nighttime  
Walking alone, no comfort in sight  
Walking alone in the whisper of nighttime  
I'm too afraid to put up a fight

Walking alone in the whisper of nighttime  
I'm not lonely I'm not afraid  
Walking alone in the whisper of nighttime  
Walking alone...
