Spilled down on the road
You wanna know just how I feel
Self-destruction is your course
To be crucified for sure
Look at you, you've got it all
Perfect lips no selfesteem
In my mirror god's reflection
But you don't know what it means
And it doesn't matter if you're rich or poor
When you're mother's on the road
You dive to far to heas the court
You're on your own 20th century Jesus
Go all alone like a 20th century Jesus
Go all alone like a 20th century Jesus

Right down on your knees
It all I know just how you feel
Isolation is your fear
But you just won't let me near
Look at you, you've got it all
Pretty face is there to see
In the mirror god's reflection
But you just cannot believe

And it doesn't matter if you're rich or poor
When your father's eyes are cold
You dive to far to heas the court
You're on your own 20th century Jesus
Go all alone like a 20th century Jesus
Go all alone like a 20th century Jesus

When you fell from the box I didn't chose
I dried your eyes
When we suffered this crucifiction
Too many times

Nooo what have I done
Ooh god's only son
No the rays are black
Shine on you tonight

And it doesn't matter if you're rich or poor
When your father's eyes are cold
You dive to far to heas the court
You're on your own 20th century Jesus
Go all alone like a 20th century Jesus
Go all alone like a 20th century Jesus
