I read it in the bible  
I told you not to waste my time  
Why should I be liable  
For every situation, and every crime?

I know it's a long way home  
When you haven't got a ride  
I know it's a long way home  
And you know we've been fighting for the longest time

Ain't no freedom like your own  
Ain't no freedom like to say this is mine  
Ain't no freedom like your own  
And you know we've been fighting for the longest time

I told it to some people  
But they said the fault was mine  
I know it's never easy  
I know it's never easy when you walk in line

I know it's a long way home  
When you haven't got a ride  
I know it's a long way home  
And you know we've been fighting for the longest time

Ain't no freedom like your own  
Ain't no freedom like to say this is mine  
Ain't no freedom like your own  
And you know we've been fighting for the longest time

Why do we live this way  
Wasting our lives?  
Why are the things that we say  
Seen as a crime?  
I have to live my way  
This is my life  
I get on my knees and pray  
Most of the time

Ain't no freedom like your own  
Ain't no freedom like to say this is mine  
Ain't no freedom like your own

And you know we've been fighting for the longest time
