When I first met you, you had scars much deeper than  
my own

I know I was weak, but I feel I have grown  
In the back of my mind, I know the difference between  
wrong and right

So if you should decide to leave me, I won't put up a  
fight

I specialise in lonliness  
In lonliness I specialise  
I specialise in lonliness  
In lonliness I specialise

I specialise

If you were a diamond, I wouldn't want you now  
If you were a pearl, I'd throw you back somehow  
I never could love that superficial way  
And I'm much too proud to ask you if you'll stay  
So go away

I specialise in lonliness  
In lonliness I specialise  
I specialise in lonliness  
In lonliness I specialise

I specialise in lonliness

I know these are dangerous times for love  
Shouldn't we stick together?

I need to be strong  
When I first met you, you had scars much deeper than  
my own  
I know I was weak, but I feel I have grown  
In the back of my mind, I know what's wrong and right  
I know what's right  
And if you should decide to leave me, I won't put up a  
fight

I specialise in lonliness  
In lonliness I specialise

I specialise in loneliness  
In loneliness I specialise

I specialise
