Boy I like the way you stand
There's no blood upon your hands
Turn the world around for me
Chase the fools out of my life
When I'm wrong you set me right
You are living grace to me

When I'm lying here afraid and full of fear
My heart is telling me our love is insincere
You smile that wicked smile like you know everything
Then I hear, oh yes I hear, I can hear the angels sing

In maya, in my heart
In maya, in my heart
In maya, in my heart
You're in my heart
Yes

Blessed is the heart of man
So many ways to understand
You know everything I fear
Oh boy you breathe the light of day
And you make the oceans sway
It's so good to have you near

When I'm lying here afraid and full of fear
My heart is telling me our love is insincere
You smile that wicked smile like you know everything

Then I hear, oh yes I hear, I can hear the angels sing

In maya, in my heart
In maya, in my heart
In maya, in my heart
You're in my heart

When I'm scared
I protect myself
I put the blame onto someone else
Wicked words just to make you cry
If I am bad I apologise

In maya, in my heart
In maya, in my heart
In maya, in my heart
You're in my heart

In maya
In maya
In maya, in my heart
You're in my heart

Yes you are
