You got, you got, you got everything

You know I'm not someone  
Who likes to wait around in line  
You know I'm not someone  
Who likes to waste a lot of time

Love will find the answer  
In every little thing you do  
Love will find the answer  
And it's always gonna come to you

If you just keep me in mind  
'Cause there may not be a second time  
Keep me in mind  
For the rest of your life  
Keep me in mind  
For the rest of your life  
Keep me in mind

You know I'm not someone  
Who likes to use words like love  
You know I'm not someone  
Who likes to put myself above

Love will find the answer  
In every little thing you do  
Love will find the answer  
And it's always gonna come to you

If you just keep me in mind  
'Cause there may not be a second time  
Keep me in mind  
For the rest of your life  
Keep me in mind  
For the rest of your life  
Keep me in mind

Love will find the answer  
And it's always gonna come to you

If you just keep me in mind

'Cause there may not be a second time  
Keep me in mind  
For the rest of your life  
Keep me in mind  
For the rest of your life  
Keep me in mind
