Sometimes I sit and contemplate  
The bitterness of my lonely state  
I know, I know I do create  
These feelings in my heart

I look to you but you're confused  
I feel like I can only lose  
Stand a while inside my shoes  
Feel the rain come down

Am I losing control, am I losing control  
Was I weaker when I met you  
Try and leave, I just won't let you  
Am I losing control  
Am I losing control?  
Am I losing?

Sometimes I sit and contemplate  
The hatred that I generate  
Tell me it is not my fate  
To lose before I start

Oh you with eyes like thickened skies  
When did ya start to mesmerize  
Loving words a thin disguise  
You know you are a star

I should've changed that stupid lock  
I should've made you leave me be  
If I'd known for just one minute  
You'd become a part of me

Am I losing control, am I losing control  
Am I losing you?  
Am I losing control?  
Am I losing control  
Am I losing  
Am I losing control, am I losing control  
Was I weaker when I met you  
Try and leave, I just can't let you  
Am I losing control

Am I losing you?  
Am I losing control  
Am I losing control?  
Was I weaker when I met you  
you know I won't regret you
