My show

Put it down, they move this town,  
They follow with their eyes  
Ice cold kisses, fierce surprise  
A good, a good disguise  
Is all you need to bleed a situation

You know

Pull it back and put on attack  
Admission in your eyes  
Ice cold kisses compromise  
A good, a good disguise  
Is all you need to bleed a situation

Let go

Put it down they move this town  
They follow with their eyes  
Ice cold kisses terrorise  
A good, a good disguise  
Is all you need to bleed a situation

(I could pull it with a bullet) Down in seven, shine a light  
boy  
(I could pull it with a bullet) What a wasted revolution  
(I could pull it with a bullet) I'm a white boy, need  
confusion  
(I could pull it with a bullet) We're all out together,  
together forever

Put it down, they move this town,  
They follow with their eyes  
Ice cold kisses, fierce surprise  
A good, a good disguise  
Is all you need to bleed a situation

(I could pull it with a bullet) Down in seven, shine a light  
boy  
(I could pull it with a bullet) What a wasted revolution  
(I could pull it with a bullet) I'm a white boy, need

confusion

(I could pull it with a bullet) We're all out together,  
together forever
