You better run run run run

I never lie to you
Remember what I said
You mess with my heart I mess with your head

And in your pretty eyes
I saw some truth
Your head was in the stars so whats the use

One line leads to another
always watching where you track
fantasy or fiction baby
Be careful where you lay your head

It's time to think about
all those wicked things you've done
if you can't love yourself
you can't love anyone

So run run run run
run run run run

You held me in the morning
and whispered words like love
you don't know what it means
you ain't been hurt enough

One line leads to another
always watching where you track
fantasy or fiction baby
Be careful where you lay your head

It's time to think about
all those wicked things you say
my love is sacrament
not some foolish game you play

So run run run run
You better run run run run

That's what you do best.....
That's what you do best.....
That's what you do best.....
