Started buildin' up a fortune
stashed away in a hidden place.
You can hide if you want to
you can hide but then one day
everything's gonna be undone,
everything's gonna be undone,
everything's gonna be undone.

How'd you get to be wound so tight
Never seen somebody such a mess.
Try you will and try you might
you'll be falling like all the rest.
Everything's gonna be undone,
everything's gonna be undone,
everything's gonna be undone.
You know that it will,
know that it will.

So many things I could have written down
in the passing of a restless night,
some of those are worth keeping
their things that you should never write.
Everything's gonna be undone,
everything's gonna be undone,
everything's gonna be undone.
You know that it will,
know that it will.
And you know that it will,
you know that it will.

Think you found another loved one
and you know that you'll never part.
You know that everything will be undone
you couldn't take another broken heart.
Everything's gonna be undone,
everything's gonna be undone,
everything's gonna be undone.
