Time will never lose  
Memories we choose  
Choices that we've  
Made for love

Voices in my head  
They call me away  
You were right beside me  
I'm in love

Maybe I should have known it  
Maybe I should have seen  
But I stayed lost in my dreams

Now that you're gone

[CHORUS]

I remember holding you  
Feeling felt so right  
Now I find I'm reaching out  
In the middle of the night  
All those things  
I should have said  
Now my chance is gone  
All alone I'm reaching out  
Even though I know it's  
Wrong, so wrong

We will never know  
What my heart will never show  
I will keep it all inside

Somehow when I tried  
You knew that I lied  
In my heart I feel untrue

Maybe I should have known it  
Maybe I should have seen  
But I'm still lost in my dreams

Now that you're gone

[Repeat CHORUS]

Oh, I know, I know  
I know, I know it's wrong

All the times I should have seen  
Everything you meant to me  
Now I only hold you in my dreams

[Repeat CHORUS]

I remember holding you  
I remember holding you  
(I know, I know  
I know, I know it's wrong)

I remember holding you  
I remember holding you  
I remember holding you  
(Feeling felt so right)  
Felt so right

All those things  
I should have said  
(Oh, no, no, yeah, yeah)

I remember holding you
